

The Strange Case of Dr. Jekyll & Mr. Hyde

Anticipation Guide

Directions: Before reading the novel, write “yes” if you agree with the statement, “no” if you disagree with the statement, and “?” if you don’t have a strong opinion about the statement.

Yes = I agree

No = I disagree

? = I don’t know

| Before Reading | Statement | After Reading |
|----------------|--|---------------|
| | 1. Everyone has two sides: the outside s/he shows the world, and the inside s/he keeps hidden. | |
| | 2. Everyone has a wild or dark side. | |
| | 3. The best way to test if a drug is effective is to use living people. | |
| | 4. If someone asks you to keep a secret, you should not tell anyone. | |
| | 5. Sometimes you have to lie to protect people. | |
| | 6. Real friends will support you, even if you are doing something they don’t agree with. | |

Pre-Reading Reflection

Directions: After completing the “Before Reading” column on the anticipation guide, get into small groups (3-4 students). Each group will create a chart. On a separate sheet of paper, make a chart like the one below. Your chart should be numbers from 1-6.

| Statement | YES | NO | I DON'T KNOW |
|-----------|-----|----|--------------|
| #1 | | | |
| #2 | | | |

Tally the number of “yes”, “no” and “?” responses for each question. Once you have collected your data, discuss the statements about which your group did not agree. When you are finished, write down in your reader’s notebook one statement your group disagreed with and explain why you disagreed.
