

# Codes

Throughout history, codes have helped us in many ways. In chapter 6 Papa used codes. Think about what you have learned about codes in history. Answer the questions.

1. Why did the Danish Resistance Army use codes to communicate?
2. What did “cigarettes” really mean in chapter 6?
3. What did Papa mean when he asked Uncle Henrik: “Is the weather good for fishing?”
4. What made Annemarie realized her father was speaking in codes?

If you lived in Denmark in 1943, what codes would you have used with a friend? Give one example.
